**Table of Contents**

- **Diabetes Technology & Therapeutics** (Page 3)
- **Metabolic Syndrome and Related Disorders** (Page 4)
- **Advances in Wound Care** (Page 5)
- **Childhood Obesity** (Page 5)
- **Games for Health Journal** (Page 5)
- **Population Health Management** (Page 5)
- **Telemedicine and e-Health** (Page 6)
- **Thyroid, Clinical Thyroidology, and VideoEndocrinology** (Page 6)
Editor-in-Chief: Satish K. Garg, MD

Vol 17 • 12 issues

The only peer-reviewed journal bringing you the latest advances in diabetes monitoring, diagnosis, treatment, and management, Diabetes Technology & Therapeutics delivers practical information and comprehensive coverage of the latest technologies and therapeutics in the field. This leading international journal covers cutting-edge developments in alternate insulin delivery methods, continuous glucose monitoring, artificial pancreas, new insulin analogs, algorithms for determining insulin dosages, detection and prevention of long-term micro- and macrovascular complications, and more. Each issue highlights new developments in pharmacologic therapy and device development to optimize patient care.

Peer-reviewed

What your colleagues are saying...

“Diabetes Technology & Therapeutics continues to advance our scientific and clinical understanding so that the best possible care is given to patients and the best possible research is pursued.”

—Francine R. Kaufman, MD
CMO and VP, Global Medicine
Medtronic Diabetes

“Diabetes Technology & Therapeutics is the only journal that keeps me up-to-date with the latest technologies.”

—Steven Edelman, MD
Division of Diabetes and Metabolism
UCSD School of Medicine and Veterans Affairs Medical Center
Editor-in-Chief: Ishwarlal (Kenny) Jialal, MD, PhD

The only peer-reviewed journal focusing exclusively on this major public health problem, Metabolic Syndrome and Related Disorders delivers the original research, data, and commentary you need to understand metabolic disorder and its role as a suspected precursor to a wide-range of diseases, including type 2 diabetes, cardiovascular disease, stroke, and cancer. This essential journal provides an in-depth exploration of the pathophysiology, recognition, and treatment of metabolic syndrome, with comprehensive coverage of insulin resistance, central obesity, glucose intolerance, dyslipidemia, HDL- and LDL-cholesterol, hypertension, and more.

Peer-reviewed

What your colleagues are saying...

“Metabolic Syndrome and Related Disorders stands out as a forum for the exchange of ideas which will ultimately lead to a solution to this major public health problem.”

—Vivian Fonseca, MD
Tullis–Tulane Alumni Chair in Diabetes
Tulane University School of Medicine

“Metabolic Syndrome and Related Disorders is the go-to resource for metabolic syndrome researchers.”

—James R. Churilla, PhD, MPH, FACSM
Assistant Professor and Graduate Program Director
Brooks College of Health, University of North Florida
Diabetes Publications

**Advances in Wound Care**

*Chandan K. Sen, PhD*  
**Vol 4 • 12 issues**

The first fully peer-reviewed journal to provide a critical forum for the field of tissue injury and repair. The Journal includes up-to-the-minute critical information on acute and chronic wound care, rapid dissemination of information, translational research, and seminal basic science through novel strategies and applications. An Official Publication of the Wound Healing Society.

Peer-reviewed  
[www.liebertpub.com/wound](http://www.liebertpub.com/wound)

---

**Childhood Obesity**

*David L. Katz, MD, MPH, FACP*  
**Vol 11 • 6 Issues**

The only journal providing a central forum for effective obesity prevention and management strategies in children and adolescents. Action-oriented content includes new weight management initiatives, early intervention strategies, health disparities and cultural sensitivity issues, obesity prevention school programs, nonprofit and government initiatives, patient assessment tools, and more.

Peer-reviewed

---

**Games for Health Journal: Research, Development, and Clinical Applications**

*Tom Baranowski, PhD*  
**Vol 4 • 6 issues**

The first journal dedicated to the development, use, and applications of game technology for improving physical and mental health and well-being. Coverage includes nutrition, weight management, and obesity; disease prevention, self-management, and adherence; cognitive, mental, emotional, and behavioral health; and games in home-to-clinic telehealth systems.

Peer-reviewed  
[www.liebertpub.com/g4h](http://www.liebertpub.com/g4h)

---

**Population Health Management**

*David B. Nash, MD, MBA*  
**Vol 18 • 6 issues**

This authoritative journal delivers a comprehensive, integrated approach to the field of population health and provides essential information for improving the systems and policies that affect health care quality, access, and outcomes. The Official Journal of the Population Health Alliance.

Thyroid Journal Program

Thyroid

Peter A. Kopp, MD

Vol 25 • 12 issues

The leading peer-reviewed resource for original articles, patient-focused reports, and translational research on thyroid cancer and all thyroid related diseases. The Journal delivers the latest findings on topics from primary care to clinical application, and is the exclusive source for the authoritative and updated American Thyroid Association (ATA) Guidelines for Managing Thyroid Disease.

Peer-reviewed

Clinical Thyroidology®

Jerome M. Hershman, MD

Vol 27 • 12 issues

This highly valued monthly abstract and commentary publication provides a broad-ranging look at the clinical thyroid literature. Experts in the field summarize the most cutting-edge, relevant articles that clinicians should know about and provide insight into the relevance and impact of each article on patient care.

Online Only.

VideoEndocrinology™

Gerard M. Doherty, MD

Vol 2 • 4 issues

Delivers high-quality videos of cutting-edge surgical and diagnostic imaging techniques and technologies covering thyroid, parathyroid, pancreatic, pituitary, and adrenal tumors and diseases, with minimally invasive, robotic, and open surgical procedures. This rapid publication videojournal offers a dynamic venue for physicians and surgeons to share their techniques and showcase new approaches. Online Only.

Peer-reviewed

Thyroid, Clinical Thyroidology, and VideoEndocrinology are official publications of the American Thyroid Association and are included with your subscription to the Thyroid Journal Program.
