Journal of Endourology and Part B, Videourology™
Ralph V. Clayman, MD  
Arthur D. Smith, MD  
Vol 29 • 18 issues
This world-renowned journal package showcases the latest minimally invasive techniques in the diagnosis, treatment, and surgical management of urologic diseases to ensure optimal patient care. The flagship journal and online videournal resource are dedicated to the closed, controlled manipulation of the urinary tract. The Official Journal the Endourological Society.

Videourology™ (www.liebertpub.com/vid) includes peer-reviewed videos that enable physicians to see and evaluate new surgical and microinvasive techniques and apply them to their surgical practice. Videos can be easily searched, viewed online, and downloaded for use on a tablet or other mobile device, allowing on-the-spot access. Selected videos are included in the AUA core curriculum. Online Only.

Videourology™ is included with your subscription to Journal of Endourology.

Journal of Laparoendoscopic & Advanced Surgical Techniques and Part B, Videoscopy™
C. Daniel Smith, MD  
Vol 25 • 18 issues
The leading international peer-reviewed journal package for practicing surgeons who want to keep up with the latest thinking and advanced surgical technologies in laparoscopy, endoscopy, NOTES, and robotics. This exceptional resource is ideally suited for surgeons who are early adopters of new technology and techniques in minimally invasive surgery. The Official Journal of the International Pediatric Endosurgery Group.

Videoscopy™ (www.liebertpub.com/vor) includes peer-reviewed videos that enable physicians to see and evaluate new surgical and microinvasive techniques and apply them to their surgical practice. Videos can be easily searched, viewed online, and downloaded in Flash, QuickTime®, and MP4 formats for use on a tablet or other mobile device, allowing on-the-spot access. Online Only.

Videoscopy™ is included with your subscription to JLAST.
