Key Benefits

- High quality science, timely reviews, and important information for physicians, scientists, and those interested in nutrition in one comprehensive publication
- A trusted source providing the latest knowledge and intelligence from the leading experts across the globe

The Experts Say

“A critical resource in the field, Journal of Medicinal Food draws from laboratory work around the world to provide original reports on functional ingredients and the evidence suggesting their benefits in the promotion of health and the prevention and treatment of disease.”
--Jeffrey B. Blumberg, PhD, FACN, CNS
Tufts University

Global Visibility and Reach

Over 140 countries

Indexed in

MEDLINE; Current Contents®/Agriculture, Biology & Environmental Sciences; Science Citation Index Expanded; Science Citation Index®; Biochemistry & Biophysics Citation Index®; Biological Abstracts; BIOSIS Previews; International Pharmaceutical Abstracts; EMBASE/Excerpta Medica; EMBiology; Scopus; Chemical Abstracts; CAB Abstracts; AMED
