Earn up to 48 CME Credits!

UNIPAC SERIES
Hospice/Palliative Care Training for Physicians
A Self-Study Program

This unique eight volume book series provides a convenient yet highly-effective way for physicians, physicians-in-training, and other healthcare providers to learn the concepts and clinical skills that will help them to better care for their terminally-ill patients. In addition, it offers a valuable opportunity for physicians to earn up to 48 CME credits.

Through its eight comprehensive UNIPACs—self-contained study manuals featuring educational reading material, clinical situations, and references—Hospice/Palliative Care: A Self Study Program for Physicians provides in-depth guidance on virtually every key aspect of end-of-life care.
