Call for Papers: Research on Pancreatic Cancer

Charles Yeo*

Journal of Pancreatic Cancer is looking for high-quality clinical, translational, and basic science articles on malignancies of the pancreas and the peripancreatic region. Submitted articles will be peer reviewed and considered for publication in the Journal.

Original research articles, rapid communications, review articles, and commentaries, covering the prevention, epidemiology and etiology, basic biology, pathology, clinical assessment, surgery, chemotherapy, radiotherapy, combined treatment modalities, complementary and alternative treatment modalities, and outcomes of pancreatic cancer are all encouraged for submission.

Pertinent topics include the following:

- Pathological aspects
- Surgical techniques
- Innovative uses of novel technology or medical devices
- Robotics
- Genetic oncology
- Chemotherapy and drug therapy
- Radiation oncology
- Epidemiological information
- Molecular targeted therapy
- Carcinogenesis
- Alternative and complementary treatments
- Early detection

Please read our *Instructions for Authors* to format your submission: www.liebertpub.com/pancan

Submit Online: <https://mc.manuscriptcentral.com/pancan>

Benefits to Authors:

- High visibility, immediate, and unrestricted online access to published articles
- Rigorous and rapid peer review
- Easy compliance with open access mandates
- Authors retain copyright and receive an open access license
- Highly indexed—citation tracking and inclusion in bibliographic databases
- Targeted e-mail marketing

About the Journal

Journal of Pancreatic Cancer is an international, open access journal publishing articles on the clinical, translational, and basic science of malignancies of the pancreas and the peripancreatic region. The Journal provides a single open forum for communicating the advancement of science and treatment of pancreatic cancer.
